Supreme Novices Hurdle - Statistics And Trends

An analysis of data for the Supreme Novices Hurdle showing statistics and trends for the last 25 renewals since 1997. Analysis of the race is broken down by a number of factors including age, weight carried, days since last run, starting price and official rating.

What is the Supreme Novices Hurdle?

The Supreme Novices' Hurdle is a Grade 1 National Hunt hurdle race for horses which are four years old or above. It is run on the opening day of the Cheltenham Festival, which takes place in March each year, and is one of the most prestigious races for novice hurdlers (horses that have not yet won a hurdle race) in the United Kingdom. The race is run over a distance of about 2 miles and 110 yards and has eight hurdles to be jumped.

The Supreme Novices' Hurdle is the first race of the Cheltenham Festival and is often used as an indicator of potential future champions. Many horses that have won the Supreme Novices' Hurdle have gone on to have successful careers in the sport, including the likes of Istabraq, Hardy Eustace, and Champ. Some others also went on to win Cheltenham Gold Cup as well.

The race is often considered as an opportunity for young, unexposed talents to showcase themselves and stake their claim for future stardom.

No race in 2001 due to foot and mouth crisis.

This year's race will be held on Tuesday 14th March 2023
